**SUNSPOT VIEWER REVIEW**

Your class made many drawings of the Sun and the sunspots using the telescope. Lay your drawings on the floor or on a table. Arrange them in the same order they were made. Answer the following questions about your observations.

1. Does the Sun appear to change shape? What shape is it?

---

---

2. Do the sunspots appear to be moving?

---

3. Which direction are the sunspots moving—horizontal (across) or vertical (up and down)?

---

4. If the sunspots continue to follow the same pattern, draw what you think the next Sun and sunspots would look like.

5. Are all the sunspots the same shape? The same size?

---
